

Environmental and Land-Based Studies Principal Learning Structure

**please note the these are working unit titles at the time of printing and are subject to change*

Level 1			
All units are compulsory.			
		GLH	Assessment
Unit 1	The Natural Environment	30	External
Unit 2	Environmental and land-based production, systems and services	60	Internal
Unit 3	Introduction to working in the environmental and land-based sector	30	Internal
Unit 4	Working with plants and animals	60	Internal
Unit 5	Impacts on the environment	60	Internal

Level 2			
All units are compulsory.			
		GLH	Assessment
Unit 1	Environmental influences upon ecosystems and production zones	60	Internal
Unit 2	Working in environmental and land-based organisations	60	Internal
Unit 3	Plant nutrition, growth and breeding	60	Internal
Unit 4	Animal nutrition, growth and breeding	60	Internal
Unit 5	Plants and animals and their role in society	60	External
Unit 6	The importance of a sustainable environment to society	60	Internal
Unit 7	Environmental monitoring	30	Internal
Unit 8	Sources and uses of energy	30	Internal

Level 3			
All units are compulsory.			
		GLH	Assessment
Unit 1	The ecology of the natural environment	30	Internal
Unit 2	The management of natural resources and resources for production	60	Internal
Unit 3	Business and enterprise in the environmental and land-based sector	90	Internal
Unit 4	Applied plant and animal science	60	Internal
Unit 5	Plants, animals and humans	30	Internal
Unit 6	Plants and animals - safe working practices and relevant legislation	60	External
Unit 7	Sustainable development of resources	60	External
Unit 8	Global impacts and the environmental and land-based sector	30	Internal
Unit 9	Research methods, skills and environmental analysis	60	Internal
Unit 10	<i>Environment, waste and pollution</i>	60	Internal
